

## KANSAS CITY WEEKLY STOCK MARKET REPORT

KANSAS CITY STOCK YARDS, July 8.—Cattle, hog and sheep prices were higher today. This is the first time in a good many months past when all classes of meat animals took on higher prices at the same time. The advance is due to increasing demand for meat. Cattle were up 25 cents, hogs up 15 cents to 25 cents to a new high record position, at \$22.00, and sheep were a big quarter higher. All offerings cleared readily.

**Today's Receipts**  
Today's receipts were light in all departments. The decrease is attributed to the rush of harvest sagging prices late in June, and the belief that the market has passed the low-price level of the season. Cattle receipts today were 7,500, or 2,500 less than a week ago, 12,000 less than a year ago. Hog receipts were 11,000, or 4,000 less than a week ago, and 1,500 larger than a year ago. Sheep 4,000 or 10,000 less than a week ago, and 500 larger than a year ago.

**Urgent Call for Beef Cattle**  
There was an urgent call for beef cattle, and with receipts below expectations prices were a good quarter higher, extremes up 35 cents. Six carloads of Utah steers sold at \$14.70, and native steers sold mostly at \$11.50 to \$14.75. Cows and heifers advanced as much as fat steers. Cows brought \$7.00 to \$11.50 and heifers \$8.00 to \$12.50. Yearling steers and steers and heifers mixed brought \$10.50 to \$14.25. The general position of the market is the first general advance that has occurred in the past two months.

**Stockers and Feeders**  
Trade in stockers and feeders was active at 15 to 25 cents higher prices. Small receipts limited demand to the more urgent orders. It is the general opinion that receipts of thin cattle will show a material increase in the next few weeks. Feeders are quoted at \$9.00 to \$13.00, and stockers \$8.50 to \$12.00.

**Hogs Still Going Up**  
Kansas City was the first Missouri river market to record a \$22 price for hogs, and that was paid today by packers on a 15 to 25 cent higher market than last week. The bulk of the hogs brought \$21.60 to \$21.90. This is the period of the year when light receipts usually prevail, the prices are expected to remain high. Choice 190 to 200 pound hogs are the kind bringing top prices, though the price spread is unusually small for this season of the year.

**Sheep and Lambs Some Higher**  
Light receipts lifted sheep and lamb prices 25 cents today. Trade was active. Lambs are quoted at \$14.50 to \$16.50, clipped wethers \$8.50 to \$9.50, and ewes \$7. to \$8.25. Light receipts keeps trading in thin lambs to small proportions.

Market Correspondent.

### ANNOUNCEMENT

For a number of years the National Tuberculosis Association has conducted an annual national conference of tuberculosis workers. This has been productive of much good; but the distances necessary to be traversed to attend these conferences, the expense involved, and the time consumed, have combined to make it possible for only a comparatively small number of workers to attend. Within the last year or two the United States has been divided into several smaller "conferences," each of which has its own annual meeting in addition to the big national meeting.

Arizona belongs to the Southwestern Conference. The meeting of this conference for this year has already been announced for September 23, 24, and 25, but in order to secure some exceptional speakers, the date has been changed to October 1, 2, and 3. The place of meeting is Long Beach, California.

Are you interested in the prevention and cure of tuberculosis? You are invited to attend this conference. If you are not interested, you are urged to attend so that you may become familiar with the work and thus become interested in the great crusade.

### A GOOD MATCH

"When I get a car, I want one which will suit me."  
"Then, my dear, you had better get a runabout."

## HOLBROOK HAVING SEIGE WITH CLAIM JUMPERS

Considerable excitement was started among oil land claimants the first of the week by the report that claim jumpers were extant in the Holbrook oil field. The reports were verified Monday afternoon by the filing of about sixty group claims by Bob Adams relocating the government land in township 15 north, range 19 east. This land was originally located in the spring of 1918 by various people, some of it having been transferred to other parties. One of the sections jumped belongs to the Adamana Oil & Land Co., and is near the well of that company now being drilled. Another section belongs to A. B. Baird, geologist, who claims that the assessment work for this year has already been done on it.

A meeting was called at the courthouse Monday evening under the auspices of the Holbrook Chamber of Mines and Oils to inquire into the matter. After some discussion and the facts obtainable were presented to the meeting a committee was appointed to wait on Bob Adams and invite him to the meeting with a view to obtaining an explanation of his position in the premises.

A search of the town was made by the committee and a report returned that Mr. Adams could not be found. More discussion followed and some of the members of the chamber who had talked to him relative to the matter stated that Mr. Adams claimed that the locations as originally made were not legal, but to show that he was willing to do the right thing he would deed back part of each section jumped. This proposition did not seem to satisfy the meeting as it was the consensus of opinion that if the original locators were entitled to all of it—Snowflake Herald.

### IS WORLD'S LARGEST PIG

Modestly answering to the name of "The Great Wonder I Am," there lives and flourishes one mile west of Algona, Iowa, the biggest pig in the world. Because the pig measures seven feet from the end of its nose to the end of its tail, and while as it now weighs 1,100 pounds, this big claim has never been disputed.

The owner, James Vipond, though he bought the animal several years ago for \$725, has refused one offer of \$26,000 and says he could not afford to sell it for \$50,000.

In spite of the notoriety this pig has attained, it still remains a good, old-fashioned animal. It doesn't go in for these new fangled things, such as serums and baths and blue ribbons. Its owner fondly believes it could have all the blue ribbons going, but "The Great Wonder I Am" does not care for traveling and has never been exhibited at a single fair or show. But there is hardly a day goes by that some visitors do not call to see this priceless treasure.

### OVER THE BRITISHER'S HEAD

One thing which delighted Rear Admiral William S. Sims on his stay in England in charge of the American overseas fleet was the English sense of humor. He illustrated it in this story, which he told at a luncheon in New York City recently.

Admiral Sims was buying a shirt in one of the exclusive Fleet Street shops and the storekeeper must tell of the other distinguished people whom he served.

"There was the King of Spain, the King of Greece, the King of Italy, and the Sultan of Turkey, they all bought shirts from me."

"So," said the admiral in his American way, "the sultan must be wearing an asbestos shirt now?"

"Indeed," replied the shopkeeper, leaning over the counter as one losing out to a rival shirtmaker, "why should he be wearing an asbestos shirt?"

### NEW THE STORY

A man and his wife visited the Louvre in Paris.

"What struck you most at the Louvre?" asked one of his friends when they returned home.

"Oh," replied the husband, "a picture which represented Adam and Eve with the apple and the serpent."

And his excellent wife chimed in: "Yes, we found that very interesting, because, you see, we knew the anecdote."

### A PIECE OF STRATEGY

"Every spring when I have my annual house cleaning, Mr. Frisby is called out of the city on important business," remarked Mrs. Frisby. "I consider that an odd coincidence."

"I don't," said Mrs. Jibway.

"No?"

"It looks to me like a piece of strategy."

### HOORAY!

Though your thirst hurts,  
Cheer up and smile;  
For See-More Skirts  
Are now in style.

### INTERMITTENT

Lady (to applicant for position as gardener): "You are, of course, strictly sober?"

Applicant: "Yes, mum, often."

### SKEPTICS

Some people are so skeptical concerning its claims that they call it the "League of Hallucinations."

Mrs. Exe: "So you and your husband have separated because of a misunderstanding?"

Mrs. Wye: "Not at all, my dear. We parted because we understood each other only too well."

A cloudburst accompanied by a young hurricane did considerable damage in Douglas, Ariz., July 1.

If you want to sell anything, just try an "ad" in The Sun, and then watch things move.

## NORMAL NOTES

MAY CALHOUN

Mrs. Frank Hanley and little daughter, Margaret, of Trinidad, Col., are here visiting with Mrs. Margaret Hanley and family. They are residing in the new home just across from Campbell Hall.

Mr. Burrows, who attended the University of Arizona this past year, has registered for summer work at the Normal. Mr. Burrows will return to the University in the fall.

Miss Vina Browning, a popular member of the junior class of Normal, left for Hayden last week-end, where she became the bride of Mr. Herbert May, a former Flagstaff student. Mr. May has a fine position in Hayden and is a member of the Hayden baseball team. Baseball fans will remember Mr. May's work here in Flagstaff. The best wishes of their many friends go with them to their new home.

Miss Hazel Noble, of Alpine, Ariz., stopped off in Flagstaff to visit old friends at the Normal last Monday. Miss Noble has been attending the University in California and is returning to her home.

Price Brinkerhoff was the guest of his sister, Miss Ella Brinkerhoff, at Normal the Fourth of July. Miss Brinkerhoff went to Holbrook this week-end, visiting her brother and relatives there, returning Monday.

The new Ashurst auditorium is now nearly completed. This week the manual training department is ready for occupancy. There is to be a lot of new and up-to-date machinery installed and the department will be the best in its line. Mr. Keuzenkamp, the head of the department, is very much pleased with the new location and will be glad to display his shop to visitors as soon as it is completely arranged.

Mrs. Tom Campbell has been visiting her son, Brodie Campbell, who enrolled in the summer session of the Normal. Brodie is being rather ill but is on the high road to recovery.

Mrs. Bouck has left for the coast, where she will spend the rest of the summer with relatives in Los Angeles. George Hanley accompanied Harold Blome to his ranch on Beaver Creek last week to remain until the first of August. They made the trip on horseback.

In the home of Mr. and Mrs. C. F. Keuzenkamp there is a baby girl who arrived July 5.

Friday evening there is to be an informal dance in the new Ashurst auditorium. This is the opening of the auditorium and a continuation of the successful entertainments given by the school under the direction of Miss Boyer, Mr. Carpenter, and Mrs. Bentel. From 8:30 to 9:30 a musical program will be given under the supervision of Miss Walsh. The Hilburn orchestra will furnish the music for the dance which will begin at 9:30 and continue until 12:30.

Miss Marbury Henning and Miss Marion Nelson, who have been unable to attend school because of illness are able to be about again.

Mrs. McLain, a teacher in the Tucson city schools, has registered for work in the Normal this summer and is residing in Campbell Hall.

The Misses Eunice Abbott, Esther Carr, and Katherine Farrell, and the Messrs. Craig Pottinger, Stevenson, and Keith were the dinner guests of Mrs. P. P. Zinn last Tuesday evening at her home.

Mrs. Ralph Dickinson and baby boy from Mesa are here for the summer, visiting relatives. Mrs. Dickinson is a graduate of N. A. N. S.

Miss Eunice Abbott, Miss Katherine Farrell, Miss Emma Escapule, Mrs. P. P. Zinn, Mr. Pottinger, Dr. Zinn, Mr. Stevenson and Mr. Mains enjoyed an outing and dinner at Lake Mary last Sunday.

Cecil Brolyer carried the mail last week-end, substituting for Harry J. Bunch, who was ill.

Mrs. Murphy, who is employed in the dining hall, leaves for Phoenix this week. Mr. Murphy, chief cook, will join Mrs. Murphy in Phoenix, en route to the coast, and they will reside in California.

### THROWN FROM HORSE AND SERIOUSLY INJURED

James Stark met with an accident at the Driving Park on Friday afternoon when the horse he was riding for Henry Ritter bolted the track and landed him into the radiator of an automobile standing over the embankment near the track. The horse struck a mudhole and fell. Stark received a deep gash in his forehead and was unconscious for a short time. He was taken to the Milton hospital for medical attention and seemed to be doing fine at last accounts.

### GOVERNOR GETS COLORS OF THE 158TH REGIMENT

Governor Campbell has been notified that the state's application for the colors of the 158th infantry has been granted. The colors are now at the zone supply office at Fort Bliss, where the regiment was demobilized. They consist of one regimental, three national and five staff colors.

They will be added to the governor's collection of war relics which includes the colors of the 340th regiment.

### NOVELTY SOON WEARS OFF

An experienced young woman told us the other day that there is a time in every engaged girl's life when about a day's growth of beard adds to her thrill, but after that the novelty wears off and clean shaving is much preferred.

He: "Once and for all, I demand to know who is the master in this house?"

She: "You will be happier if you don't find out."

Sure, you've been misjudged; if you had been correctly judged in everything, you would probably be in jail.

## MARK A. MOORE POST OF AMERICAN LEGION

A meeting of all service men was held last Saturday evening, and a temporary organization perfected pending the permanent organization of the National American Legion to be held at Minneapolis, November 11. In honor of Mark A. Moore, who lost his life in action in France, it was decided to call the local branch "Mark A. Moore Post No. 3."

The object of the organization is, first, to promote loyalty to America, and second, the suppression of I. W. W. and all other elements detrimental to our form of government.

It will be a non-partisan organization for the benefit and protection of its members, with a view of securing a return of all service men to positions in civil life.

At this organization meeting the following temporary officers were elected to serve until the American Legion becomes a permanent one:

Commander, E. M. Robinson.  
Vice Commander, Joseph Hanley.  
Adjutant, George W. Harben.  
Executive Committee, John Matthews, George Harben, Dan Phelan, George Ostler, Clarence Durham.

The following delegates were named to attend the state meeting at Tucson: George Harben, John Matthews, Robert Koch, Axel B. Nelson, and Stanton Borum.

A meeting will be held at the Elks hall on Thursday evening next to hear the report of the delegates sent to the state meeting. It is expected that they will have a very interesting report to make and all service men are urged to be present as the charter will be ready.

It is very much to the interest of every service man to become a member of this organization and each one should make a special effort to get his name on the charter, as this list will be closed within a short time. While members will be accepted later their names will not appear on the charter list.

### BRITISH LOGIC

Sergeant (to Private Jones, who is looking blankly at the mug of tea): "Now, then, Private Jones, what's the matter with you?"

Private Jones: "This bloomin' tea don't 'arf taste funny."

Sergeant: "Taste funny, does it. Well, then, if it's funny, why the— don't yer lart?"

### INCONVENIENT FOR THEM

"I notice that four of your stenographers go out to lunch together every day."

"Well, what of it?"

"The movie houses are crowded at the lunch hour. Don't you suppose they frequently have trouble in getting four seats together?"

## BRAZIL HELPS SHEEP RAISERS

Brazil, which ranks second in goat production and sixteenth in sheep, is taking steps to increase not only her sheep flocks, but her goat herds, with the purpose not only of settling the meat problem of Brazil, but to build up a great wool industry in that big country.

The latest statistics showed Brazil had 7,204,920 sheep. That is less than one-tenth of the number credited to Australia or to the Argentine and about one-seventh of what the United States possesses.

To improve the breed of sheep and goats, particularly sheep, the government offers to pay an amount equal to one-third the purchase cost and the freight of rams and billy goats purchased abroad for breeding purposes. In the case of pure-bred animals there is an additional premium of \$15 a head up to 1,000 head for each good breeder.

The government stipulates that the breeders must have proper lands for their flocks and herds, sheep dips, adequate buildings, etc.

A sheep matures in eighteen months while it takes three years for a horse or a cow to attain its growth. With luck and good breeding Brazil, which in area is of the same size as the United States and has some wonderful pasturage land, may come up close to world leadership in wool and mutton.

### LONDON TRIES MOTOR BUSES

The first lorry omnibus was seen in London the other day. Fitted to carry 27 persons, it was painted a bright green, but with the war office mark still to be seen on either side. Seats had been arranged crosswise inside the lorry, and strong stairs were placed at the back. The conductor or conductress will be accommodated at the top of the steps.

In an interview, Manager Blaine of the Underground Electric Railways and the London General Omnibus Co., said arrangements had been made which will materially quicken the improvement in traffic facilities. Before the war there was an average of about 2,500 omnibuses in daily service in the London district. There were now actually in service 2,200, and these were being added to daily, among the latest acquisitions being some char-a-bancs recovered from the stores at Kempton Park.

Mr. Blaine added that the first twenty-five of the motor lorries which the government has agreed to supply to the company, pending the construction of more permanent vehicles, were to be delivered at once. The lorries would run on the same lines as ordinary omnibuses, and at the same fare.

Wonderfully large results from a wonderfully small Want-Ad in The Sun is the verdict of those who have tested it.

Do you know that The Sun Want-Ads can sell anything?

## THE MOTHER'S PART IN CARE FOR CHILD

For years we have been familiar with the statement, "Just a children's disease; all children must have them." This is not true and the part of the mother is to reduce the scourge of children's diseases to the minimum. Surely no one of today believes that a child should be made to carry the burden of deafness, weak lungs, poor teeth, impaired eye-sight, etc., the attendant features of "children's diseases" throughout his life. Measles, whooping cough, scarlet fever, diphtheria and the like leave one or several of these weaknesses in their wake. The prevalence of these diseases every year, as shown by health board reports proves conclusively that mothers are not doing their part to eliminate these scourges of childhood.

Epidemics of these diseases can nearly always be prevented by the application of simple rules of health.

The Arizona Anti-Tuberculosis Association will be glad to tell the good mothers of Arizona where they can secure reliable information through these health rules to help them rear their children to be well and strong. A sound body and a clear mind are the birthright of every child. It is the mother's part to see to it that her child is not deprived of his birthright.

Advice to June brides: Make him take you on a wedding trip. It may be the last one you'll ever take.

If you have anything for sale, try an advertisement in The Sun.

### NOTICE OF HEARING APPLICATION TO SELL REAL ESTATE

IN THE SUPERIOR COURT OF COCONINO COUNTY, STATE OF ARIZONA.

In the Matter of the Estate of Mattie E. Harding, deceased.—Notice of Hearing Application to Sell Real Estate.

Notice is hereby given that E. S. Miller, the administrator of the estate of Mattie E. Harding, deceased, having filed in this court a petition, praying for an order of sale of the real estate of the estate of said Mattie E. Harding, deceased, the hearing of the same has been fixed by said court for Saturday, the 9th day of August, 1919, at ten o'clock in the forenoon of said day, at the court room thereof, at the court house in said county; and all persons interested in said estate are notified then and there to appear and show cause, if any they have, why said order prayed for should not be made.

Dated July 10, 1919.

TOM L. REES,  
Clerk.

By LOUISE GREENLAW,  
Deputy Clerk.

July 11 to Aug. 8—5t.
